DIRECTORS' REPORT

Your directors present their report on the company and its controlled entities for the financial year ended 30 June 2003.

Directors

The names of the directors in office at any time during or since the end of the year are:

Allan Nahum
Bernard H Lochtenberg
David R Clarke
John Lemish
Steven Scheuer

Directors have been in office since the start of the financial year to the date of this report unless otherwise stated.

Principal Activities

The economic entity's principal activity is that of an electronic manager and marketer of travel and related services, utilising the internet and other mediums.

Operating Results

The consolidated result for the year ended 30 June 2003 was a loss of \$1,684,167 (2002: loss \$1,587,220).

Dividends

Since the end of the previous final year no amount has been paid or declared by way of dividend. The directors do not recommend that any dividend be paid.

Review of Operations

The year ended 30 June 2003 has produced a consolidated loss of \$1.684 million (2002: loss \$1.587 million).

As has been extensively reported in the general media, all travel operations in Australia were adversely affected in the course of 02/03 by a series of external events including the Bali terrorism incident, the outbreak of hostilities in the Gulf, followed in turn by SARS in Asia.

In our view, the impact of these events has in many cases led to a deferment of travel plans and an alternative spend of the discretionary holiday dollar on consumer durables, motorcars, house upgrades and associated matters. It is impossible to precisely quantify the impact of these events. We note that turnover growth which had been compounding at approximately 24% per quarter to the end of March evaporated in the quarter April, May and June, which would suggest that gross turnover in the region of \$2-\$3 million dollars was lost in this financial year due to these events.

**WEBJET LIMITED AND CONTROLLED ENTITIES
ACN 002 013 612**

DIRECTORS' REPORT

Review of Operations (cont'd)

Despite these events your company was however able to produce a gross transaction increase in the year of some 65% relative to the previous year.

During the same period Webjet's commercial arrangements in relation to commission support by Virgin Blue reduced with effect from April 03 with the consequent effect on income of approx \$60,000.

Following the recent ASIC deliberations on the interpretation of Australian Accounting Standards covering turnover disclosures and revenue disclosures, Webjet has concluded that it is appropriate to change its recognition of revenue policy to nett commissions received or due and a further explanation of the affect of that change is covered under note 1(f) and 2. For the 02/03-year, gross transactions totalled \$19.5m compared with \$11.8m for 01/02 an increase of 65% with both figures exclusive of GST.

Significant Changes in State of Affairs

During the year Webjet entered into a major technology development contract with Microsoft Australia and its associated and inter-related subscription agreements and development agreements previously reported to the market with Galileo.

This development program envisages an environment in the Australian distribution of travel where increasingly products which were previously sourced through airline global distribution systems will be available otherwise on the internet. An example currently in operation is Virgin Blue in Australia, part of the Air New Zealand operation and forthcoming changes by Qantas.

Webjet considers that the development of the platform will provide a very significant strategic advantage moving forward where the travel services aggregation platform will bring together disparate sources of supply and provide Webjet customers with an integrated itinerary management facility. It is likely to provide an ongoing competitive advantage for Webjet.

These changes will result in lower cost of operation going forward and it is anticipated that the platform will be operational at the beginning of the 2004 calendar year as originally announced to the market.

There were no other significant changes in the state of affairs of the parent entity or the subsidiary entities during the year.

Events Since the End of the Financial Year

No matter or circumstance has arisen since the end of the financial year which significantly affected or may significantly affect the operations of the economic entity, the results of those operations or state of affairs of the economic entity, in subsequent years with the exception of the following matter:

WEBJET LIMITED AND CONTROLLED ENTITIES
ACN 002 013 612

DIRECTORS' REPORT

On 20 August 2003, the parent entity subscribed to purchase 1,500,000 ordinary shares of \$1 each in the wholly owned subsidiary, Webjet Marketing Pty Ltd. The subscription price of \$1,500,000 was fully paid via a reduction in the intercompany payable by Webjet Marketing Pty Ltd to Webjet Limited.

Likely Developments

Likely developments in the operation of the economic entity and the expected results from those operations have not been included in this report. The inclusion of such information may result in unreasonable prejudice to the economic entity.

Environmental Issues

The economic entity's operations are not regulated by any significant regulation under a law of the Commonwealth or of any State or Territory.

Directors' Benefits

No director has received or become entitled to receive, during or since the end of financial year, a benefit because of a contract made by the company or a related body corporate with a director, a firm of which a director is a member or a company in which a director has a substantial financial interest. This statement excludes a benefit included in the aggregate amount of emoluments received or due and receivable by directors shown in the company's accounts, prepared in accordance with the Corporations Regulations, or the fixed salary of a full time employee of the company or related body corporate, other than the following:

Mr A Nahum is a partner of MGI Meyrick Webster, a chartered accounting firm which rendered professional services and corporate advice and received normal professional fees during the year ended 30 June 2002. Refer to note 24 for further disclosure.

Corporate Governance

The Board of Directors establishes criteria for Board membership and selects appropriate members of the Board. Shareholder approval is required on the composition of the Board.

The company's policy regarding the terms and conditions for remuneration relating to Board members are approved by the Board. The Board also approves the remuneration of executive officers and senior management based upon the recommendations of the remuneration committee. Each Director has the right to seek independent professional advice in the furtherance of their duties as Directors at the Company's expense. The Chairman's prior approval of such expenditure is required.

The Board is responsible for the identification of significant areas of business risk, implementing procedures to manage such risks and for developing policies regarding the establishment and maintenance of appropriate ethical standards, giving particular attention to:

- Ensuring compliance with legal, statutory and ethical matters;
- Monitoring the business environment;
- Identifying business risk areas;
- Identifying business opportunities; and
- Monitoring systems established to ensure prompt and appropriate responses to shareholder concerns and enquiries.

The directors' have noted the issue of the "Principles of Good Corporate Governance" by the ASX and will undertake a bench marking review of current procedures during the year ending 30 June 2004.

Audit & Risk Committee

The company has an audit and risk committee which reports to the Board. The following non executive directors are members :

B Lochtenberg (Chairman)
S Scheuer

The audit and risk committee also receives assistance and advice from the external auditor and the executives of the company when and as required.

WEBJET LIMITED AND CONTROLLED ENTITIES
ACN 002 013 612

DIRECTORS' REPORT

The role of the audit and risk committee is to review the performance of the external auditors on an annual basis and corresponds with them during the year:

- To discuss any significant problems that can be foreseen;
- To discuss the impact of any proposed changes in accounting policies on the financial statements;
- To review the nature and impact of any changes in accounting policies adopted by the economic entity during the year; and
- To review the fees proposed for the audit work to be performed.

Remuneration Committee

The remuneration committee is comprised of the following non executive directors :

B Lochtenberg (Chairman)
S Scheuer

A Nahum.

The committee receives assistance and advice from external parties from time to time in relation to appropriate remuneration levels and associated benefits.

Indemnifying Officers or Auditor

The Company has not during, or since the end of, the financial year, in respect of any person who is or has been an officer of the Company or auditor of the Company:

- Indemnified or made relevant agreement for indemnifying against a liability incurred as an officer or auditor, including costs and expenses in successfully defending legal proceedings; or
- Paid or agreed to pay a premium in respect of a contract insuring against a liability incurred as an officer or auditor for the costs or expenses to defend legal proceedings with the exception of the following;

During the financial year, a subsidiary of the company has paid premiums to insure each of the following directors, senior executives and consultants against liabilities for costs and expenses which may be incurred by them, in defending any legal proceedings arising out of their conduct while acting in the capacity of director of any company in the group, other than conduct involving a wilful breach of duty in relation to the company:

Allan Nahum
David Clarke
Steven Scheuer

Ben Lochtenberg
John Lemish
Peter Love

The contract of insurance contains a confidentiality clause and hence the amount of the premium can not be disclosed.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2003

NOTE 1 : SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial report is a general purpose financial report that has been prepared in accordance with accounting standards, Urgent Issues Group Consensus Views other authoritative pronouncements of the Australian Accounting Standards Board and the Corporations Act 2001.

The financial report covers the economic entity of Webjet Limited and controlled entities, and Webjet Limited as an individual parent entity. Webjet Limited is a listed public company, incorporated and domiciled in Australia.

The financial report has been prepared on an accruals basis and is based on historical costs and does not take into account changing money values or, except where stated, current valuations of non-current assets. Cost is based on the fair values of the consideration given in exchange for assets.

The following is a summary of the material accounting policies adopted by the economic entity in the preparation of the financial report. The accounting policies have been consistently applied, unless otherwise stated.

(a) Principles of Consolidation

A controlled entity is an entity controlled by Webjet Limited. Control exists where Webjet Limited has the capacity to dominate the decision making in relation to the financial and operating policies of another entity so that the other entity operates with Webjet Limited to achieve the objectives of Webjet Limited.

The consolidated financial statements are those of the economic entity, comprising Webjet Limited (the parent entity) and Webjet Marketing Pty Ltd and its subsidiary Webjet Operations (Australia) Pty Ltd (the wholly owned subsidiaries). The financial statements of the subsidiaries are prepared for the same reporting period as the parent entity, using consistent accounting policies.

All intercompany balances and transactions have been eliminated on consolidation.

(b) Cash

For the purposes of the Statement of Cash Flows, cash includes cash on hand and on-call deposits with banks.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2003

NOTE 1 : SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

(c) Property, Plant and equipment

Each class of property, plant and equipment is carried at cost less, where applicable, any accumulated depreciation.

Plant and Equipment

Plant and equipment are measured on the cost basis.

The carrying amount of property, plant and equipment is reviewed annually by directors to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cashflows which will be received from the assets employment and subsequent disposal. The expected net cash flows have not been discounted to their present values in determining recoverable amounts.

Depreciation

The depreciable amount of all fixed assets are depreciated on the diminishing value basis over their useful lives to the economic entity commencing from the time the asset is held ready for use.

The depreciation rates used for each class of depreciable assets are:

Class of fixed Asset	Depreciation Rate
Office Furniture & Equipment	15%
Computer equipment and software	40%

(d) Income tax

The economic entity adopts the liability method of tax-effect accounting whereby the income tax expense is based on the profit from ordinary activities adjusted for any permanent differences.

Timing differences which arise due to the different accounting periods in which items of revenue and expense are included in the determination of accounting profit and taxable income are brought to account as either a provision for deferred income tax or as a future income tax benefit at the rate of income tax applicable to the period in which the benefit will be received or the liability will become payable.

Future income tax benefits are not brought to account unless realisation of the asset is assured beyond reasonable doubt. Future income tax benefits in relation to tax losses are not brought to account unless there is virtual certainty of realisation of the benefit.

WEBJET LIMITED AND CONTROLLED ENTITIES
ACN 002 013 612

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2003

NOTE 1 : SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

The amount of benefits brought to account or which may be realised in the future is based on the assumption that no adverse change will occur in income taxation legislation and the anticipation that the economic entity will derive sufficient future assessable income to enable the benefit to be realised and comply with the conditions of deductibility imposed by the law.

(e) Intangibles

Intangibles are valued in the accounts at cost. The related benefits are amortised over a three year period (33% straight line).

The carrying amounts of intangibles are reviewed at the end of each accounting period. Where the balance exceeds the value of expected future benefits, the difference is charged to the profit and loss account.

(f) Revenue

Revenue from commission on the sale of airline tickets and travel packages is recognised when the booking is made by the consumer, with the exception of the sale of airline tickets via hyperlink to a third party supplier, where the company does not carry the credit risk associated with the sale, which are accounted for on a cash received basis.

Interest revenue is recognised as it accrues.

All revenue is stated net the amount of goods and services tax (GST).

The accounting policy in relation to the recognition of revenue from the sale of airline tickets and travel packages has changed. In the previous year, revenue from the sale of airline tickets and travel packages was recognised on a gross basis when bookings were made by the consumer. A resulting cost of sale was also recognised as an expense reflecting the cost of the sale transaction to Webjet Marketing Pty Ltd. In the current year, the differential between the gross sales value and the cost of sale to Webjet Marketing Pty Ltd has been recognised as commission to reflect the Agency based nature of the transaction.

The change in accounting policy has had no affect upon the reported loss of the entity. The prior period comparatives have been amended as required to allow for a reasonable comparison of financial results. Please refer to note 2 for further disclosure.

(g) Research and Development Expenditure

Research and development costs are charged to loss from ordinary activities before income tax as incurred or deferred where it is expected beyond any reasonable doubt that sufficient future benefits will be derived so as to recover those deferred costs.

Deferred research and development expenditure is amortised on a straight line basis over the period during which the related benefits are expected to be realised, once commercial production has commenced. In assessing expected future benefits, the expected net cash flows have not been discounted to their present values in determining recoverable amounts.

NOTE 1 : SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd)

(h) Employee Benefits

Provision is made for the company's liability for employee benefits arising from the services rendered by employees to balance date. Employee benefits expected to be settled within one year together with benefits arising from wages and salaries and annual leave which will be settled within one year have been measured at their the amounts expected to be paid when the liability is settled plus related on-costs. Other employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits.

Contributions are made by the economic entity to an employee superannuation fund are charged as expenses when incurred.

Webjet Limited granted options to purchase ordinary shares in Webjet Limited to certain employees under an employee shares option plan. Other than minimal administration costs, which are expensed when incurred, the plan does not result in any expense to the economic entity. Options granted under this plan are recognised in the financial statements when exercised. Further information is set out in Note 19.

(i) Leases

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not the legal ownership, are transferred to entities in the economic entity are classified as finance leases. Finance leases are capitalised, recording an asset and a liability equal to the present value of the minimum lease payments, including any guaranteed residual values. Leased assets are depreciated on a straight line basis over their estimated useful lives where it is likely that the economic entity will obtain ownership of the asset or over the term of the lease. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expense in the periods in which they are incurred.

(j) Investments

Non-current investments are measured on the cost basis. The carrying amount of non-current investments is reviewed annually by directors to ensure it does not exceed the recoverable amount of these investments. The recoverable amount is assessed from the quoted market value for listed investments or the underlying net assets for other non-listed investments.

The expected net cash flows from investments have not been discounted to their present value in determining the recoverable amounts.

The directors' estimate that the future income tax benefit (due to tax losses and timing differences) not brought to account as at 30 June 2003 is \$1,850,347 (2002: \$1,364,330).

This benefit will only be obtained if:

- (a) the Company derives income of a nature and amount sufficient to enable the benefit from the deductions for the loss to be realised;
- (b) the Company continues to comply with the conditions for deductibility imposed by tax legislation; and
- (c) no changes in tax legislation adversely affect the Company in realising the benefit from the deductions for the loss.

The Company cannot claim a deduction for losses incurred prior to 22 March 2001 due to the change of business activity and substantial changes to the shareholders.

**INDEPENDENT AUDIT REPORT
TO THE MEMBERS OF WEBJET LIMITED**

Matters Relating to the Electronic Presentation of the Audited Financial Report

This audit report relates to the financial report of Webjet Limited for the year ended 30 June 2003 included on the Webjet Limited web site. The company's directors are responsible for the integrity of the Webjet Limited web site. We have not been engaged to report on the integrity of the Webjet Limited web site. The audit report refers only to the statements named below. It does not provide an opinion on any other information that may have been hyper linked to/from these statements. If users of this report are concerned with the inherent risks from electronic data communications they are advised to refer to the hard copy of the audited financial report to confirm the information included in the audited financial report presented on this web site.

Scope

The Financial Report and Directors' Responsibility

The financial report comprises the statement of financial position, statement of financial performance, statement of cash flows, accompanying notes to the financial statements, and the directors' declaration for both Webjet Limited (the company) and the consolidated entity, for the year ended 30 June 2003, as set out on pages 11 to 36. The consolidated entity comprises both the company and the entities it controlled during that year.

The directors of the company are responsible for the preparation and true and fair presentation of the financial report in accordance with the Corporations Act 2001. This includes responsibility for the maintenance of adequate accounting records and internal controls that are designed to prevent and detect fraud and error, and for the accounting policies and accounting estimates inherent in the financial report.

Audit Approach

We have conducted an independent audit in order to express an opinion to the members of the company. Our audit was conducted in accordance with Australian Auditing Standards in order to provide reasonable assurance as to whether the financial report is free of material misstatement. The nature of an audit is influenced by factors such as the use of professional judgment, selective testing, the inherent limitations of internal control, and the availability of persuasive rather than conclusive evidence. Therefore, an audit cannot guarantee that all material misstatements have been detected.

We performed procedures to assess whether in all material respects the financial report presents fairly, in accordance with the Corporations Act 2001, including compliance with Accounting Standards and other mandatory financial reporting requirements in Australia, a view which is consistent with our understanding of the company's and the consolidated entity's financial position, and of their performance as represented by the results of their operations and cash flows.

**WEBJET LIMITED AND CONTROLLED ENTITIES
ACN 002 013 612**

**INDEPENDENT AUDIT REPORT
TO THE MEMBERS OF WEBJET LIMITED**

We formed our audit opinion on the basis of these procedures, which included:

- examining, on a test basis, information to provide evidence supporting the amounts and disclosures in the financial report, and
- assessing the appropriateness of the accounting policies and disclosures used and the reasonableness of significant accounting estimates made by the directors.

While we considered the effectiveness of management's internal controls over financial reporting when determining the nature and extent of our procedures, our audit was not designed to provide assurance on internal controls.

Independence

In conducting our audit, we followed applicable independence requirements of Australian professional ethical pronouncements and the Corporations Act 2001.

Audit Opinion

In our opinion, the financial report of Webjet Limited is in accordance with:

- (a) the Corporations Act 2001, including:
- (i) giving a true and fair view of the company's and consolidated entity's financial position as at 30 June 2003 and of its performance for the year ended on that date; and
 - (ii) complying with Accounting Standards in Australia and the Corporations Regulations 2001; and
- (b) other mandatory financial reporting requirements in Australia.
